

Risk Assessment for International Dissemination of COVID-19 to the ASEAN Region

ASEAN Biodiaspora Virtual Center (ABVC)

as of February 1, 2021 (2:00 PM GMT+8)

COVID-19: Highlights and Situation Overview

- Worldwide, there have been over 103.4 million cases and more than 2.2 million deaths attributed to COVID-19.
- A team of World Health Organization (WHO) experts investigating the origins of COVID-19 visited a market in Wuhan on Sunday (January 31). Since being released from a two-week quarantine on Thursday (January 28), the team has visited hospitals and markets, as well as an exhibition commemorating Wuhan's battle with the virus.
- Malaysia reported 5,298 new COVID-19 cases on Sunday (January 31) as the country continues to battle a sharp spike in infections. Malaysia has registered more than 5,000 cases a day for three consecutive days. Almost two-thirds of the new infections on Sunday were in the Klang Valley area, comprising Selangor and Kuala Lumpur, with 3,243 cases. Another 1,020 cases were in Johor and 298 in Sabah. Malaysia's most recent movement control order (MCO) is scheduled to conclude on Feb 4 in parts of the country. The affected areas are the states of Penang, Selangor, Johor, Sabah, Malacca and Kelantan, and the federal territories of Putrajaya, Kuala Lumpur and Labuan. The Sarawak state government on Sunday said that it would implement an MCO in the districts of Kapit and Song from February 2 to February 15.
- Vietnam reported on Sunday (January 31) 50 new COVID-19 infections, most linked to a new outbreak that began on Thursday in the northern province of Hai Duong. According to the Ministry of Health, the outbreak has spread to at least nine cities and provinces, including Ho Chi Minh city and capital Hanoi, with 238 locally transmitted infections. Authorities in Hanoi announced on Sunday (January 31) that all schools in the city would close, after locking down several residential areas and a factory in the northern province of Hai Duong, the outbreak's epicenter. In addition, schools in 16 provinces and cities nationwide will close early from February 1 to prevent the further spread of COVID-19.
- Myanmar has further extended COVID-19 preventive measures until February 28 to prevent further spread of the virus. The commercial capital, Yangon, remains the region in the country that has the highest number of COVID-19 cases.

Vaccine Update

- According to a Philippine official on Sunday (January 31), at least 5.6 million doses of two international COVID-19 vaccines are expected to arrive in the Philippines in the first quarter of the year. The initial volume is part of the 9.4 million doses of the two vaccines - one developed by Pfizer and BioNTech and the other by AstraZeneca - that are expected to be shipped in the first half of the year.
- The Vietnamese Health Ministry approved a vaccine from AstraZeneca for domestic inoculation hours after Prime Minister Nguyen Xuan Phuc said late on Friday that the country must have a vaccine in the first quarter.
- Thailand's Senior Official said on Friday (January 29) that the country's plan to produce the AstraZeneca COVID-19 vaccine locally is on track to be ready to begin mass inoculations in June, with a capacity to make up to 18 million doses per month. According to the head of the National Vaccine Institute, tests of the first batches are due to be completed by the end of May.

Travel Advisories (new update/s)

- Singapore: Singapore's Ministry of Foreign Affairs (MFA) released statement on January 30 that it will suspend reciprocal green lane (RGL) arrangements with Malaysia, Germany, South Korea for three months from Monday (February 1).

- Philippines: The Philippines will relax travel curbs on foreigners coming from more than 30 countries that have detected cases of the more contagious British variant of the coronavirus starting February. The move covers foreigners previously allowed to enter the Philippines, including those holding work visas and spouses of Filipinos.
- Myanmar: The Ministry of Foreign Affairs announced on January 30 that the country will be extending the measures including temporary suspension of all types of visa (including social visit visas) and visa exemption services until February 28.
