

Risk Assessment for International Dissemination of COVID-19 to the ASEAN Region

ASEAN Biodiaspora Virtual Center (ABVC)

as of March 1, 2021 (2:00 PM GMT+8)

COVID-19: Highlights and Situation Overview

- Worldwide, there have been over 114.9 million cases and more than 2.5 million deaths attributed to COVID-19.
- Philippines has extended partial coronavirus curbs in the capital until the end of March. These curbs, including limit operations of businesses and public transport, will stay for another month in Manila, Davao, and Baguio.

Vaccine Update

- Cambodia's Ministry of Health along with the World Health Organization (WHO) and UNICEF announced on February 28 that 324,000 doses of the AstraZeneca vaccine licensed to the Serum Institute of India (SII) – known as COVISHIELD – will arrive at Phnom Penh International Airport on March 2. Cambodia is among the first countries in the western Pacific region to receive vaccines from COVAX. The doses arriving on March 4 are the first shipment provided to Cambodia by COVAX. Further batches was set to arrive within the year.
- The Philippines launched the vaccination campaign on Monday (March 1). Cabinet officials, along with health workers and military and police personnel, were among the first to be vaccinated in six hospitals in Metropolitan Manila. On February 28, the Philippines received its first batch, 600,000, of COVID-19 vaccine from China-based Sinovac Biotech.
- Thailand kicked off its COVID-19 inoculation campaign on Sunday (February 28), with ministers, health officials and medical professionals among the first in the queue to receive vaccinations. Thailand received its first 200,000 doses of the Sinovac vaccine from China and 117,00 imported doses of AstraZeneca's vaccine this week. According to the Ministry of Health on Sunday, CoronaVac has been distributed to 13 high-risk provinces, which will start injecting front-line health professionals and volunteers. AstraZeneca's vaccine, meanwhile, will be ready for use by the second week of March.

Travel Advisories (no new update/s)

- Singapore: The country's Transport Minister said on Monday (March 1) that the country has no plans yet to require travellers to be vaccinated against COVID-19 prior to entry in Singapore. The Transport Minister also said it is still too early to decide if border measures can be eased for vaccinated individuals. He added that before border measures can be relaxed for people vaccinated against COVID-19, more scientific evidence is essential to determine the extent if vaccines can reduce the likelihood of an individual infecting others. In addition, Singapore is in discussion with International Civil Aviation Organization and with various countries on the mutual recognition of vaccine certification between countries which is based on *HealthCerts*, a set of digital standards for issuing digital COVID-19 test result certificates.
