

Risk Assessment for International Dissemination of COVID-19 to the ASEAN Region

ASEAN Biodiaspora Virtual Center (ABVC)

as of January 11, 2021 (2:00 PM GMT+8)

COVID-19: Highlights and Situation Overview

- Worldwide, there have been over 90.3 million cases and more than 1.93 million deaths attributed to COVID-19.
- According to China's health authority today (January 11), World Health Organization (WHO) team of international experts tasked with investigating the origins of the COVID-19 pandemic will arrive in China on January 14. The WHO team will conduct joint research cooperation on the origins of COVID-19 with Chinese scientists. The team of WHO experts will be expected to quarantine for two weeks upon arrival in China, and are expected to visit Wuhan in the course of their trip.

Vaccine Update

- The Philippines officials said on January 10 that the government has secured 30 million doses of a COVID-19 vaccine developed by US drug maker Novavax as the country braces for a surge in infections after a huge religious event. It hopes to secure 148 million doses this year from seven companies - enough for around 70% of its population. But the government has warned it will depend on global supply. The Novavax vaccine is in late-stage human trials in the United States, Mexico and Britain and is expected to be approved for use by international regulators.

Travel Advisories (new update/s)

- Malaysia: Malaysia citizens who are permanent residents (PRs) working in Singapore are now eligible to apply for the Periodic Commuting Arrangement (PCA) scheme. According to the High Commission of Malaysia on January 8, applications to travel under the scheme open from Monday (January 11). Singapore's Immigration and Checkpoints Authority (ICA) also updated its SafeTravel site on Monday with details of the scheme. The inclusion of this category of workers in the PCA scheme will allow more Malaysian workers in Singapore to apply for short-term leave after working in Singapore for at least 90 consecutive days. According to Malaysia's immigration website, PCA travellers entering the country will have to serve a seven-day Home Surveillance Order and undergo a COVID-19 test. All PCA travellers, except for Singapore PRs, arriving in Singapore must take a COVID-19 polymerase chain reaction test within 72 hours before departure, according to the ICA website. Travellers will need to present a negative COVID-19 test result in English from recognized or accredited laboratories in Malaysia.
- Indonesia: According to the Chief Economic Minister today (January 11), Indonesia has extended its ban on foreign arrivals for another 14 days in a bid to control the transmission of the coronavirus.
- Vietnam: According to the Prime Minister on January 10 Vietnam will limit flights bringing citizens home from now until the end of the Chinese New Year (otherwise known as Tet Lunar New Year) in mid-February. He added that after the New Year, which falls on February 10 to February 16, the transport ministry will study the possibility of international flights resumption.
- Thailand: Phuket announces restrictions for travel to Phuket. Under the new restrictions, people travelling from Bangkok or any "high-risk" areas, will be required to undergo 14 days of quarantine upon arrival in Phuket. The new restrictions are in effect starting January 10 until the end of the month, or until the situation "resolves".
