# COVID-19: Highlights and Situation Overview

## Global Update

- Worldwide, there have been over 136.8 million cases and more than 2.9 million deaths attributed to COVID-19.
- A data from the India's health ministry showed on Monday (April 12), India reported a record 168,912 COVID-19 infections overnight, overtaking Brazil to become the second-most affected country globally by the coronavirus. India's overall tally reached 13.53 million, surpassing Brazil's 13.45 million cases.

## Regional Update

- Strict COVID-19 lockdowns in the Philippines' capital and four adjacent provinces will be eased starting today (April 12). According to the President's spokesperson, Metro Manila and the provinces of Bulacan, Rizal, Laguna and Cavite will be placed under a less restrictive community quarantine status, modified enhanced community quarantine (MECQ), until April 30. The NCR-plus bubble is under MECQ due to the fast-rising number of COVID-19 cases in the country. Under MECQ, only those 18 to 65 years old will be allowed to go out. People with health risks or are pregnant are only allowed to go out to obtain essential goods and services or if they are going to work in allowed industries. All industries not allowed to open during the ECQ period are now allowed to operate at 50% on-site capacity.
- Thailand plans to install 10,000 field-hospital beds in Bangkok as the country strains to cope with a third wave of COVID-19 infections. According to a health official said on Saturday (April 10), at least a dozen hospitals in the capital said they had stopped testing for COVID-19 as of Friday due to a lack of kits or capacity. So far this month, Thailand has reported 2,697 new domestic infections, including 1,058 cases in Bangkok, the epicentre of an outbreak that has seen cases climb from a few dozen to several hundred a day. The outbreak, which includes the highly transmissible B.1.1.7 variant has rapidly spread to 62 of Thailand's 77 provinces

## Vaccine Update

Health Minister said that during the same period, 583,903 individuals have received their first dose, bringing the total number of doses administered so far to 979,794. The five states with the most first-dose recipients were Selangor with 77,252, followed by Sarawak (61,890), Sabah (54,070), Perak (52,679) and Kuala Lumpur (52,110). The five states that lead in terms of fully vaccinated recipients is Selangor with 52,617, followed by Perak (43,394), Sabah (41,267), Kuala Lumpur (33,603) and Sarawak (32,052). Dr Adham also said 8.51 million people, or 35.1% of the target, have signed up for the immunisation programme as of yesterday, with Selangor registering the highest figure at 2.28 million. Phase one of the vaccination programme is from February to April involving 500,000 frontliners, phase two from April to August will involve 9.4 million people comprising senior citizens, vulnerable groups and persons with disabilities, and phase three is from May until February 2022, covering 13.7 million people aged 18 and above. Meanwhile, The government has agreed to allow private hospitals to be vaccination centres in phases two and three of the National Covid-19 Immunisation Programme. The Health Minister said the government will provide the vaccines for free to the private hospitals to widen access to the public.
