

# Risk Assessment for International Dissemination of COVID-19 to the ASEAN Region

ASEAN Biodiaspora Virtual Center (ABVC)

as of January 13, 2021 (2:00 PM GMT+8)

## COVID-19: Highlights and Situation Overview

- Worldwide, there have been over 91.8 million cases and more than 1.9 million deaths attributed to COVID-19.
- The first case of COVID-19 in Micronesia was confirmed on January 11 by health officials. According to an official statement from Micronesia, the case regards a crewman on a government vessel called "Chief Mailo", which was recently in the Philippines undergoing repairs. The infected person and the rest of the crew remain on the ship, which has been anchored in a lagoon under round-the-clock surveillance. The country composed of over 600 small islands and with over 100,000 inhabitants, was one of the places that had successfully controlled the entrance of any case, by closing borders early in the pandemic despite the great cost to tourism-reliant economies. Although other Pacific islands such as Vanuatu, the Solomon Islands, the Marshall Islands, and Samoa have also confirmed cases of COVID-19, none have reported evidence of community transmission.
- Malaysia's King Al-Sultan Abdullah on Tuesday (January 12) declared a state of emergency across the country to curb the spread of COVID-19, after consenting to a request from Prime Minister Muhyiddin Yassin, who is facing a leadership challenge. The palace said in a statement that the emergency will last until August 1 or earlier depending on whether coronavirus infections have been brought under control. It was not immediately clear how the emergency would impact day to day activities, but the constitution allows for parliament to be suspended during that period. The palace said Muhyiddin requested the emergency as a proactive measure to curb the number of infections.

### Vaccine Update

- Indonesia gave Sinovac Biotech's COVID-19 vaccine its first emergency use approval outside China on Monday (Jan 11) as the world's fourth most populous country launches nationwide inoculations to stem surging infections and deaths.

### Travel Advisories (new update/s)

- Malaysia: On Monday, the country announced a nationwide travel ban and a 14-day lockdown in the capital Kuala Lumpur and five states, saying the country's healthcare system was at a breaking point.
