COVID-19: Highlights and Situation Overview

- Worldwide, there have been over 73.6 million cases and more than 1.63 million deaths attributed to COVID-19.
- Indonesia's National COVID-19 Task Force Head asked regional agencies to ration their polymerase chain reaction (PCR) tests and stay consistent with the World Health Organization's minimum benchmark of 1,000 per 1 million people per week. He added that each region should take into account their testing logistical needs so they could continue testing in the longer term. He said the task force would determine a minimum and maximum benchmark that must be met by local health agencies so that testing performance would be proportional.
- The daily COVID-19 infection rate remains high in Mandalay District (Myanmar). Despite government's warning to fine rule breakers from December 5 to 18, the number of positive cases has increased to about 2000 within a span of eight days. As of December 15, Myanmar has 1,115 7-day rolling average of new cases and has a total cases of 110,667.

Vaccine Update

- Singapore has become the first Asian country to approve Pfizer-BioNTech's vaccine and said it expects to start receiving shots by the end of the year. Prime Minister Lee Hsien Loong said he would be among the early recipients in the city-state of 5.7 million people, which has one of the lowest fatality rates globally from COVID-19. The government said it expected to have secured enough vaccines for everyone by the third quarter of next year. Singapore has also signed advanced purchase agreements and made early down payments on promising vaccine candidates including those being developed by Moderna and Sinovac.

Travel Advisories (new update/s)

- Singapore: Singapore government said on Tuesday (December 15) that the country will open a new segregated travel lane for a limited number of business, official and high economic value travelers from all countries as part of the government's efforts to revive its key travel and hospitality sectors. The first travelers will be able to arrive from the second half of January through the new lane, which will be open to those who are coming for short-term stays of up to 14 days. It will complement other arrangements that Singapore has for business travel including with China, Germany and Indonesia. Travelers under the latest arrangement will have to stick to strict health and testing protocols, and will need to stay within a "bubble" at segregated facilities.
- Vietnam: Vietnam and Singapore have agreed to "expeditiously conclude ongoing discussions" on a "green lane" agreement for essential business and official travel by early next year.
- Myanmar: The Ministry of Health and Sports has releases health procedures for airlines and airport ground staff and travellers as the country prepares to resume domestic flights on December 16. Passengers on local flights must pay for the COVID-19 test and must also have a health screening 36 hours before departure.
