

# COVID-19: Highlights and Situation Overview

## Global Update

- Worldwide, there have been over 142.2 million cases and more than 3 million deaths attributed to COVID-19.

## Regional Update

- Thailand's health officials announced a new COVID-19 restriction targeting Thailand's hardest-hit, or red zone, provinces. The restrictions, which started on April 18, include ordering all nightlife venues to close. The national pandemic task force said all gatherings should be kept to no more than 50 people, schools should avoid holding in-person classes, restaurants can no longer serve alcohol, nightlife venues must remain closed and hours limited at a number of businesses in all COVID-19 "red zones." Nationwide, all nightlife venues – such as bars, brothels and karaoke parlors – must remain closed until at least April 30. Additionally, people are being discouraged from traveling to "Red Zone" provinces. Businesses are also being requested to allow staff to work from home if possible.
- On April 18, Cambodia began setting up thousands of hospital beds in two wedding party halls to cope with an influx of COVID-19 patients in a country. The country still has one of the world's smallest COVID-19 cases, but an outbreak that started in late February saw cases spike almost ten-fold within two months. Cambodian authorities have also revised lockdown measures in Phnom Penh and Ta Khmau municipalities that are effective through April 28. Under the lockdown, which country's Prime Minister announced on late night of April 14, most people are banned from leaving home except for going to work, to buy food or for medical treatment. Certain essential businesses may remain open despite the lockdown, but may be subject to stricter requirements, such as minimizing their staffing to no more than 2%. For those traveling to work in essential businesses allowed to remain open during the lockdown, a travel permit from the "Executive Committee to Manage and Lead the Implementation of the Lockdown" is required in addition to an ID and employment certificate.
- 
- 

## Vaccine Update

- According to Philippines' Department of Health official on Monday (April 19), the county will resume administering AstraZeneca's COVID-19 vaccine to people below 60 years of age, concluding a temporary suspension over reports of rare blood clots in younger recipients overseas. She added that health authorities will release guidelines to include different precautions on the use of the AstraZeneca shots. The Philippines has received 525,600 doses of the AstraZeneca vaccine through the COVAX international vaccine-share facility and around 900,000 more will be shipped on May or June 2021.

## Travel Advisories (new update/s)

- Thailand: Civil Aviation Authority is setting new guidelines for domestic flights in an effort to curb the spread of the nation's so-called 3rd wave of COVID-19. The changes, effective April 18, include limiting flights by airlines between 11PM to 4AM. Seating arrangement on flights will also follow social distancing along with operators strictly following COVID-19 measures such as a ban on eating, drinking, and

providing complimentary reading material in-flight. Flight operators must also have a plan in place to immediately inform all passengers if a customer was found to be infected with COVID-19 and follow up with appropriate precautions. Meanwhile, Bangkok is taking proactive steps to deal with the likely surge of COVID-19 cases after the Songkran holiday, asking those returning to Bangkok to submit their timelines online and self-quarantine for 14 days. Bangkok Governor is urging all people entering Bangkok to visit a website where they can perform a self-evaluation to assess their COVID-19 risk. The website, [bkkcovid19.bangkok.go.th](http://bkkcovid19.bangkok.go.th), allows travellers returning to Bangkok to input their travel timelines and their personal information after scanning a QR code. The system will aid in contact tracing where health officials will be able to access and contact anyone thought to have come in contact with a COVID-19 infected person.

- Cambodia: The Cambodian government has extended the prohibition on all travel between provinces until April 28. This prohibition is applicable to travel between all provinces. Travel to seek medical attention in personal vehicles (up to four people) and ambulances are exempt from this travel prohibition. All tourism sites will also be closed during this period. Individuals traveling to/from the airport within the lockdown areas (Phnom Penh and Ta Khmau municipalities) must present identity and travel documents. Officials of diplomatic, UN, and international finance organizations are permitted to travel, but must present their employment and identity documents.

### Cases and Deaths as of 19 April 2021

- As of 19 April 2021 (2PM, GMT+8), worldwide, there were **142,270,026** confirmed cases, including **3,034,577** deaths. Globally, Case Fatality Rate (CFR) is **2.1**.
- In **China**, there were **103,309** confirmed cases with **4,856** deaths, including deaths in Hong Kong (209) and Taiwan (11). Confirmed cases in China include confirmed cases in Hong Kong (11,684), Macau (49), and Taiwan (1,073).
- **3,170,795 confirmed cases** of COVID-19 have been reported in the ASEAN region with a total of **64,180 deaths**, with a CFR of **2.0**.
