

# Risk Assessment for International Dissemination of COVID-19 to the ASEAN Region

ASEAN Biodiaspora Virtual Center (ABVC)

as of August 21, 2020 (2:00 PM GMT+8)

## COVID-19: Highlights and Situation Overview

- Worldwide, there have been over 22.7 million cases and more than 795,000 deaths.
- The Myanmar government on Thursday (August 20) has imposed a lockdown measures in the capital city of the country's western Rakhine state following a spike of local transmission of COVID-19 cases. The restrictions encourage the public to stay at home but it does not apply to the employees including civil servants, companies' staff and factory workers in Sittwe.
- Thailand sought to allay fears of a second wave of coronavirus infections on Thursday (Aug 20), after a woman tested positive having cleared quarantine nearly two months ago on returning from overseas. Thailand has gone 87 days without domestic transmission but news that a woman tested positive for COVID-19 in Bangkok on Tuesday has triggered concern of a fresh outbreak in a country so far spared the level of contagion elsewhere. Authorities said the woman was unlikely to be contagious and may have caught the virus in the plane or her home province of Loei, bordering Laos.
- In a meeting today (August 21) chaired by Thailand's Prime Minister, the Centre for Covid-19 Situation Administration (CCSA) resolved to extend the state of emergency to September 30. On August 20, the National Security Council said it had approved the extension as the amendment of the Communicable Diseases Act is still pending. The NSC insists that it will not enforce the Emergency Decree to control political rallies.
- According to health authority of Vietnam, Vietnam's tally of coronavirus infections since January passed the 1,000 mark on Thursday (August 20), after 14 new cases were reported. More than half of the total confirmed cases are linked to a new outbreak that began late last month in the central coastal city of Danang.
- Health authorities in China's capital Beijing have removed a requirement for people to wear masks outdoors, further relaxing rules aimed at preventing the spread the novel coronavirus after the city reported 13 consecutive days without new cases. It's the second time Beijing's health authorities have relaxed guidelines on mask wearing in the capital, which has largely returned to normal after two rounds of lockdowns. Despite the relaxed guidelines, a large proportion of people continued to wear masks in Beijing on Friday (August 21).
- South Korean health authorities warned on Friday (August 21) that a cluster of COVID-19 infections in the capital Seoul was threatening to spread after thousands of people attended a rally by conservative political groups last week. The Korea Centers for Disease Control and Prevention (KCDC) reported 324 new cases, the highest daily count since March 8, as of midnight Thursday (August 20) bringing the country's total to 16,670.

### Travel Advisories (new update/s)

- Myanmar: The Myanmar government also instructed all four local airlines to cancel all flights to and from Sittwe, starting on Thursday (August 20). Restrictions on international travelers are still in place with a ban on all international commercial flights into the country's airports that has been extended until the end of August.
- Indonesia: The Immigration Directorate General has extended its visa application period to September 20 for foreigners whose stay permits have expired or are about to. Holders of free visas, limited stay permits (KITAS) or

expired permanent stay permits (KITAP) that have reached their extension limit following the issuance of the ITKT are required to apply for a new visa and report to the local immigration office no later than September 20.

- Thailand: Thailand will allow foreign tourists to visit for longer stays from October, a senior official said on Friday (August 21). According to the Tourism Authority of Thailand, tourists will have to stay for at least 30 days, with the first 14 days in quarantine in a limited vicinity of their hotel, before they can visit other areas.
- Japan: Japan plans to ease its COVID-19 entry restrictions on foreign nationals with resident visas starting next month. Re-entry will be permitted for visa holders, including permanent residents and exchange students, on condition that they undergo coronavirus testing and quarantine for 14 days, the same policy that applies to Japanese citizens re-entering the country.

### Cases and Deaths as of 20 August 2020

- As of August 20 (2PM, GMT+8), worldwide, there were **22,465,735** confirmed cases, including **786,646** deaths. Globally, Case Fatality Ratio (CFR)\* is **3.50**.
- In **China**, there were **90,007** confirmed cases with **4,713** deaths, including deaths in Hong Kong (72) and Taiwan (7). Confirmed cases in China include confirmed cases in Hong Kong (4,587), Macau (46), and Taiwan (486).
- **395,922 confirmed cases** of COVID-19 have been reported in the ASEAN region with a total of **9,627 deaths**.
