COVID-19: Highlights and Situation Overview

- Worldwide, there have been over 99.6 million cases and more than 2.13 million deaths attributed to COVID-19.
- Malaysia reported 3,346 new COVID-19 cases on Sunday (Jan 24), taking the national tally to 183,801 infections. A total of 1,340 new cases reported on Sunday were from the Klang Valley, comprising Selangor and Kuala Lumpur. Sabah reported 431 cases while Johor had 378 new infections. There were also nine new clusters, bringing the total number of active clusters in Malaysia to 348. One cluster involves a detention centre in Perak while the rest are all at workplaces in Sabah, Johor, Selangor, Kuala Lumpur, Negeri Sembilan and Putrajaya.
- Singapore's Ministry of Health (MOH) reported 48 new COVID-19 cases as of noon on Sunday (January 24). This is the highest number of imported infections in Singapore since March 23, when 48 imported cases were also reported. Among them are four Singapore permanent residents who returned from India, Indonesia and Malaysia. 11 of the imported cases are work pass holders who arrived from Bangladesh, Colombia, France, India, Nigeria and the UAE. 22 are work permit holders who arrived from Bangladesh, India, Indonesia, Malaysia, Myanmar and the Philippines, of whom 10 are foreign domestic workers. 3 are short-term visit pass holders. 4 are dependent's pass holders who arrived from France, India and the United Arab Emirates as well as a long-term visit pass holder who travelled from India. Two others are student's pass holders who arrived from Egypt and India. The remaining case is a sea crew member holding a special pass who arrived on board a vessel from Malaysia, and had not disembarked. He was conveyed to the hospital when he developed symptoms, and subsequently tested positive for COVID-19.
- China on Saturday announced another 107 cases, bringing its total since the start of the pandemic to 88,911. Of those, the northern province of Heilongjiang accounted for the largest number at 56. Beijing and the eastern financial hub of Shanghai both reported three new cases amid mass testing and lockdowns of hospitals and housing units linked to recent outbreaks. Authorities are wary of the potential for a new surge surrounding next month's Lunar New Year holiday and are telling people not to travel and to avoid gatherings as much as possible. Schools are being let out a week early and many have already shifted to online classes. Mask wearing remains virtually universal indoors and on public transport. Mobile phone apps are used to trace people's movements and prove they are both virus-free and have not been to areas where suspected cases have been found. China stated on January 25 that a climb in new COVID-19 cases driven by a spike in infections among previously asymptomatic patients in northeastern Jilin province. The National Health Commission said in a statement that the total number of confirmed cases in the mainland rose to 124 on Jan 24 from 80 a day earlier. Of the 117 new local infections, Jilin accounted for 67 cases – all but three of whom were previously asymptomatic patients who were reclassified as confirmed cases after developing symptoms.

Vaccine Update

- Brunei is planning to provide COVID-19 vaccines for 70% of its total population by the end of 2021 in three phases according to the Ministry of Health on January 25. Phase 1 of the vaccination is expected to begin in the second quarter of 2021 and shall prioritize frontliners working at the National Isolation Center, airport, and land control posts as well as high-risk individuals.

Travel Advisories (new update/s)

- Vietnam: Vietnam will limit inbound repatriation flights 10 until the end of the Lunar New Year Holiday in mid-February to limit the risks of the spread of the pandemic.

Cases and Deaths as of 25 January 2021

- As of 25 January (2PM, GMT+8), worldwide, there were **99,792,635** confirmed cases, including **2,139,438** deaths. Globally, Case Fatality Rate (CFR) is **2.1**.
- In **China**, there were **100,013** confirmed cases with **4,811** deaths, including deaths in Hong Kong (169) and Taiwan (7). Confirmed cases in China include confirmed cases in Hong Kong (10,086), Macau (47), and Taiwan (889).
- **1,899,286 confirmed cases** of COVID-19 have been reported in the ASEAN region with a total of **41,957 deaths**, with a CFR of **2.2**.
