

Risk Assessment for International Dissemination of COVID-19 to the ASEAN Region

ASEAN Biodiaspora Virtual Center (ABVC)

as of February 26, 2021 (2:00 PM GMT+8)

COVID-19: Highlights and Situation Overview

- Worldwide, there have been over 113.67 million cases and more than 2.51 million deaths attributed to COVID-19.
- Ho Chi Minh City authorities will reopen most non-essential businesses from March 1, such as restaurants, movie theaters, wedding centers, and tourist monuments/museums, however, bars, night clubs, karaoke parlors, gyms, and pool table services will remain closed for now. As of February 25, Vietnam's Ministry of Health confirmed a total of 2,421 cases of COVID-19. 1,804 have recovered and been discharged from hospitals. Vietnam has also recorded 35 deaths due to COVID-19. The latest community transmission cases have been reported from Hai Duong.
- The Japanese government will end a state of emergency in most of its prefectures at the end of this month, a week earlier than scheduled. These will include Osaka, Kyoto, Hyogo, Aichi, Gifu and Fukuoka prefectures. Under the latest measures, Japan has requested bars and restaurants to close by 8pm and companies to strive for more telecommuting. It has also suspended a popular "Go To Travel" subsidized tourism programme. The government is also hoping to lift the state of emergency as planned on March 7 in the remaining four prefectures including its capital, Tokyo.

Vaccine Update

- Indonesia's minister said on Thursday (February 25) that the country will receive at least two million doses of a coronavirus vaccine produced by China's Sinopharm for use in a private vaccination scheme due to run alongside a national inoculation programme. The private plan has been pushed by Indonesian business as a way for companies to buy vaccines from the government so that their employees can be vaccinated in order to help prop up the country's battered economy.
- Philippines' senior official said on Thursday (February 25) that the country will receive delivery of its first COVID-19 vaccines on weekend, allowing it to kick off its inoculation programme from next week. The delivery of 600,000 doses Sinovac Biotech's vaccines, donated by China, will arrive on Sunday (February 28).
- South Korea on Friday (February 26) administered its first available shots of coronavirus vaccines to people at long-term care facilities, launching a mass immunisation campaign. More than 5,260 residents and workers at 213 nursing homes, mental institutions and rehab centres will receive their first shots of a two-dose vaccine developed by AstraZeneca and Oxford University today. according to officials at the Korea Disease Control and Prevention Agency (KDCA), an unspecified number of patients and workers at 292 long-term care hospitals will also get the vaccine. Separately, doctors, nurses and other health professionals treating COVID-19 patients will begin receiving the shots developed by Pfizer and BioNTech starting Saturday. The Pfizer-BioNTech vaccines, which South Korea obtained through the WHO-backed COVAX program, are expected to arrive at Incheon International Airport on Friday afternoon to be transported to five major COVID-19 treatment hospitals. South Korea plans to complete injecting the first doses to about 344,000 residents and workers at long-term care facilities, which also include mental institutions and rehab centres, and 55,000 frontline medical workers within March.
- Thousands of Indonesia's religious figures gathered on Thursday (February 25) for mass COVID-19 inoculations for clergy and faith groups, with monks, priests, imams and nuns queuing to receive their first doses of vaccine. Authorities aim to immunise more than 1,200 members of religious groups each day over a week.

Travel Advisories (new update/s)

- Thailand: Foreign tourists travelling to Thailand will need to download the Covid-19 contact tracking mobile application "ThailandPlus" before arriving in Thailand and use it throughout their stay. The app will notify travellers if they have been in close contact with any confirmed cases. Throughout their trip to Thailand, tourists will need to keep the app "on" and check in and out of various locations by scanning QR codes. The app requires access to the smartphone's GPS, but the Tourism Authority of Thailand says the information collected will only be used for public health purposes

Cases and Deaths as of 26 February 2021

- As of 26 February 2021 (2PM, GMT+8), worldwide, there were **113,673,335** confirmed cases, including **2,519,018** deaths. Globally, Case Fatality Rate (CFR) is **2.2**.
- In **China**, there were **101,797** confirmed cases with **4,843** deaths, including deaths in Hong Kong (198) and Taiwan (9). Confirmed cases in China include confirmed cases in Hong Kong (10,927), Macau (48), and Taiwan (951).
- 2,407,839 confirmed cases** of COVID-19 have been reported in the ASEAN region with a total of **52,166 deaths**, with a CFR of **2.2**.

**The calculated CFR is based on reported deaths and reported case counts, and does not account for recovered cases over time or rate of testing in a particular region*

***Rt Transmission Rate: the average number of secondary cases caused by each infectious individual, based on the daily incidence of new cases over the previous seven days*

COVID-19 Epi curve among ASEAN Countries
