COVID-19: Highlights and Situation Overview

- Worldwide, there have been over 100.6 million cases and more than 2.16 million deaths attributed to COVID-19.
- Indonesia surpassed 1 million COVID-19 cases on Tuesday (January 26). The country reported 13,094 new cases on Tuesday, taking the total tally to 1,012,350, the country's COVID-19 taskforce said.
- The Philippines has confirmed local transmission of the new, highly contagious British variant of the coronavirus B.1.1.7. The Philippine health ministry said the B.1.1.7 variant had spread among 12 people in Bontoc, a mountainous northern province, with 17 such cases in the country. Its first case of the British variant was found in a Filipino who had travelled from the United Arab Emirates.
- Breaking Thailand's record for highest daily spike in coronavirus cases, 959 new COVID-19 cases were reported on Tuesday (January 26) in the Centre for COVID-19 Situation Administration's (CCSA) daily briefing. Thailand now has 3,679 active cases. Since the start of the pandemic, Thailand has reported a total of 14,646 cases and 75 coronavirus-related deaths. The majority of new cases were found in proactive case finding in Samut Sakhon, which has been increased to test 60,000 people in the province this week. 848 of the 959 new cases were detected proactive testing, most in Samut Sakhon and only 4 in Bangkok.

Vaccine Update

- According to a health official on Wednesday (January 27), China has administered about 22.8 million doses of COVID-19 vaccines as the country steps up its campaign ahead of next month's Chinese New Year holidays and expecting travel surge. China has also widened its targeted inoculation scheme since mid-December to include more priority groups facing higher risk of virus exposure, in a bid to prevent any outbreaks in winter and spring.
- Singapore rolls out COVID-19 vaccine for seniors. Two community vaccination centres began operations on Wednesday (January 27), in the latest phase of Singapore's Covid-19 vaccination drive. The two venues, at Teck Ghee Community Club in Ang Mo Kio and Tanjong Pagar Community Club, will cater to elderly residents aged 70 and above, and can give jabs to 2,000 residents daily.
- According to Myanmar's Ministry of Health and Sports, the country will start vaccinating the public on February 5. Elderly people above the age of 65, individuals with underlying health conditions and those residing in high-risk townships will be prioritized for vaccination. Healthcare staff and volunteers working on the frontlines started to get vaccinated today (January 27), while members of the parliament are scheduled to receive their vaccinations on January 29 and 30.
- Thailand government plans to begin Thailand's 3-phase vaccination plan on February 14, starting with healthcare and frontline workers as well as vulnerable groups. At the Covid-19 vaccination administration subcommittee meeting on January 25, Public Health Minister said the first phase of inoculations starting next month will target 19,014,154 Thai people in 4 priority groups. The AstraZeneca vaccine, developed in partnership with Oxford University, was approved by the Thai government for emergency last week. The first batch of 50,000 doses are expected to arrive next month. Thailand also expects 200,000 doses of China's Sinovac Biotech vaccine to arrive next month. The Chinese vaccine is expected to be approved by Thai drug regulators within the next 3 weeks. The second phase of the 3-part plan is scheduled to run from May to December, offering vaccinations in all regions. Thai officials aim to have at least 50% of the Thai population vaccinated by the end of the year. The final phase will be rolled out in January 2022, with the goal to have enough vaccines to distribute to create herd immunity.

- The first COVID-19 vaccine trial to be conducted in Malaysia is now officially proceeding. In a virtual ceremony on Wednesday (January 27), the Health Minister launched the Phase 3 clinical trial of the COVID-19 vaccine developed by China's Institute of Medical Biology Chinese Academy of Medical Sciences (IMBCAMS). A total of nine hospitals nationwide will be involved in the clinical trials, under the coordination of the Health Ministry's Institute of Clinical Research (ICR). In a statement, the Health Ministry said the implementation of the trial must meet international standards and policies of the Good Manufacturing Practices (GMP), Good Clinical Practices (GCP) and the Helsinki Declaration. The trial involves 3,000 local volunteers over a period of 13 months. The nine hospitals involved are the Ampang Hospital, Sarawak General Hospital, Penang Hospital, Seberang Jaya Hospital, Hospital Sultanah Bahiyah (Alor Setar), Hospital Raja Permaisuri Bainun (Ipoh), Taiping Hospital, Sungai Buloh Hospital and Hospital Sultan Abdul Halim (Sungai Petani). The ministry said all hospitals are fully prepared for the trial and its facilities have been checked by IMBCAMS.

Travel Advisories (no new update/s)

Cases and Deaths as of 27 January 2021

- As of 27 January (2PM, GMT+8), worldwide, there were **100,862,031** confirmed cases, including **2,165,495** deaths. Globally, Case Fatality Rate (CFR) is **2.1**.
- In **China**, there were **100,361** confirmed cases with **4,815** deaths, including deaths in Hong Kong (172) and Taiwan (7). Confirmed cases in China include confirmed cases in Hong Kong (10,223), Macau (47), and Taiwan (890).
- 1,959,067 confirmed cases** of COVID-19 have been reported in the ASEAN region with a total of **42,778 deaths**, with a CFR of **2.2**.

*The calculated CFR is based on reported deaths and reported case counts, and does not account for recovered cases over time or rate of testing in a particular region

**Rt Transmission Rate: the average number of secondary cases caused by each infectious individual, based on the daily incidence of new cases over the previous seven days

COVID-19 Epi curve among ASEAN Countries
