

ASEAN Biodiaspora Virtual Center (ABVC)

COVID-19: Highlights and Situation Overview

- Worldwide, there have been over 61.2 million cases and more than 1.4 million deaths attributed to COVID-19.
- The U.S. Centers for Disease Control and Prevention is considering shortening its recommended two-week quarantine period for people who have come in contact with people who have it — a change welcomed by some medical experts who say the relaxed guidelines would be easier for people to follow. Current CDC guidelines recommend that anyone exposed to a person with the coronavirus quarantine at home for 14 days, even if they test negative for the virus. Scientists say that helps prevent further spread of the disease before they start showing symptoms or from those who don't develop any symptoms.
- For two days in a row, according to Health Director-General, Malaysia saw more COVID-19 recoveries than new cases. The country recorded 935 new Covid-19 cases and discharged 2,555 patients yesterday (November 26). With 2,555 patients being discharged, the figure is the country's new record for the number of recoveries in a single day. In total, 49,056 patients have recovered from COVID-19 in Malaysia. Active cases have gone down to 11,348, while cumulatively, Malaysia's COVID-19 cases have reached 60,752. As of yesterday, there are 345 active clusters in Malaysia, with six new clusters recorded the same day. The clusters are Bot Biru cluster (Sabah, 13 cases), Gemilang cluster (Johor, 26 cases), Tapak Bina Sungai Udang cluster (Kuala Lumpur, 11 cases), Chengal (Kelantan, 15 cases) and Damar Laut cluster (Penang and Kedah, 5 cases).

Vaccine Update

- The head of British drug manufacturer AstraZeneca said on Thursday (November 26) that further research was needed on its COVID-19 vaccine after questions emerged over the protection it offers, but the additional testing is unlikely to affect regulatory approval in Europe. The head of the Oxford Vaccine Group said this week that further evidence will be available next month, but the result will still be "highly significant". Meanwhile, Thailand's Prime Minister said on Thursday (November 26) that Thailand is set to sign a purchase agreement for AstraZeneca's potential COVID-19 vaccine this week in the country's first coronavirus vaccine procurement deal. The announcement comes as other countries in the region like the Philippines prepare to sign similar deals with AstraZeneca and other firms to guarantee supplies. In addition, AstraZeneca has already submitted the necessary documents to Philippine health authorities to secure approval in conducting clinical trials for its COVID-19 vaccine in the country. Should AstraZeneca pass the panel's initial evaluation, it will then secure the approval of the Food and Drug Administration of the Philippines before it can proceed with its clinical trials.

Travel Advisories (new update/s)

- Philippines: According to the Office of the President today (November 27), Filipino citizens' foreign spouses and children, along with returning Filipinos will be allowed to enter the Philippines starting December 7. Also permitted is the entry of former Filipino

citizens, including their spouses and children, regardless of age, who are travelling with them. They are allowed to enter the country provided they secure a booking at a quarantine facility and have a swab test schedule at Philippine airports

Cases and Deaths as of 27 November 2020

- As of November 27 (2PM, GMT+8), worldwide, there were **61,309,660** confirmed cases, including **1,434,907** deaths. Globally, Case Fatality Rate (CFR) is **2.34**.
- In **China**, there were **93,109** confirmed cases with **4,749** deaths, including deaths in Hong Kong (108) and Taiwan (7). Confirmed cases in China include confirmed cases in Hong Kong (5,948), Macau (46), and Taiwan (625).
- 1,150,971 confirmed cases** of COVID-19 have been reported in the ASEAN region with a total of **26,914 deaths**.

REGION	COUNTRY	FIRST CONFIRMED CASE(S)	LATEST REPORT ON CONFIRMED CASE(S)	TOTAL CONFIRMED CASES	NEW CASES (7-DAY ROLLING AVERAGE)	TOTAL DEATHS	NEW DEATHS (7-DAY ROLLING AVERAGE)	CASE FATALITY RATE
