## COVID-19: Highlights and Situation Overview

- Worldwide, there have been over 24.5 million cases and more than 833,000 deaths attributed to COVID-19.
- The Jakarta administration is extending the transitional period of large-scale social restrictions (PSBB) for another 14 days, beginning today (August 28) to September 10 as it continues to struggle to control COVID-19 transmission. The extension was the fifth after the capital first extended the PSBB from June 4 to July 16, dubbing it a "transitional" phase that would go along with the gradual reopening of the economy. Jakarta recorded on Thursday an addition of 760 positive cases, bringing the total to 36,213 confirmed cases. Indonesia recorded 162,884 positive cases with more than 7,000 deaths as of Thursday (August 27) after seeing an all-time-high daily increase of 2,719 positive cases.
- On August 27, Singapore's Ministry of Home Affairs (MHA) has set up a Safe Travel Office (STO) to ensure an easier and smoother traveller experience with the gradual reopening of borders. This comes as Singapore sees stable local community transmission of COVID-19 and embarks on various travel schemes with other countries. Singapore has reciprocal travel arrangements with Malaysia and China, with plans for similar schemes with Japan and Thailand. The Government also announced last August 21 that it will ease restrictions for travellers from several countries including Brunei and New Zealand.
- With a new wave of COVID-19 reported in Myanmar, the Interior Ministry has ordered a tightened security along the border to prevent illegal immigration, and strict health checks on people arriving through official crossings. The ministry said on today (August 28) that orders had been issued to the governors of 10 province bordering Myanmar -- Tak, Chiang Mai, Chiang Rai, Mae Hong Son, Kanchanaburi, Phetchaburi, Prachuap Khiri Khan, Ratchaburi, Chumphon and Ranong. Most cases in Myanmar were in Rakhine state, which borders Bangladesh and the Bay of Bengal. The state capital, Sittwe, has been locked down to contain the COVID-19 spread.
- Authorities in Hoi An, Vietnam has lifted social isolation measures from August 28 after regaining control of the pandemic there. Similar restrictions in the nearby localities of Duy Xuyen district and Dien Ban town were also lifted. As of August 27, Vietnam's Ministry of Health confirmed a total of 1,036 cases of COVID-19 wherein the latest local case was recorded from Da Nang.
- Philippines has now surpassed the 200,000-mark in COVID-19 cases. The country has reported 3249 new cases on August 27 bringing the country's total number of COVID-19 cases to 205,581.

### Travel Advisories (new update/s)

- Singapore: Special COVID-19 testing arrangements have been made for travellers who will be flying to China between August 28 to August 31. Beginning today (August 28), travellers from Singapore to China will be required to take a COVID-19 test within five days before their flight to ensure they are free of the coronavirus. The authorities added that different arrangements will apply for travellers on China-bound flights from September 1. Those who require pre-departure tests for travel because of essential business and employment should approach the Ministry of Trade and Industry
