Risk Assessment for International Dissemination of COVID-19 to the ASEAN Region

ASEAN Biodiaspora Virtual Center (ABVC)

as of April 5, 2021

COVID-19: Highlights and Situation Overview

Global Update

- Worldwide, there have been over 132.1 million cases and more than 2.8 million deaths attributed to COVID-19.

Regional Update

- Philippines has extended a strict lockdown in the capital region and adjacent provinces by at least one week to try to contain a renewed surge in COVID-19 infections. Restrictions, which include a ban on non-essential movement, mass gatherings and dining in restaurants, will remain until April 11. To boost capacity, the Department of Health said that modular tents were being delivered to hospitals across Metro Manila with the help of the World Health Organization and the UN children fund UNICEF. "Volunteer" health workers from other regions where virus transmission rates were low would be deployed to hospitals in the capital in the coming weeks according to a government official.
- China reported its biggest daily jump in new COVID-19 cases in more than two months, as a city on the border with Myanmar in southwestern Yunnan province accounted for all new local cases. Ruili's local government put residents in its urban area under home quarantine, launched a massive testing drive and began restricting people from leaving and entering the city from last week after reporting COVID-19 patients. The city accounted for all of the 15 new local cases reported on April 4. Of the new patients reported in the city, 11 of them were identified as Myanmar citizens. Local authorities have also begun a vaccination drive in Ruili in a bid to contain COVID-19.

Vaccine Update

- Singapore government announced on April 5 that the country plans to begin inviting people under the age of 45 to book slots for their COVID-19 vaccination from June. According to the Senior Minister of State for Health, the Singapore continues to make "steady progress" with its vaccination programme. However, he said that Singapore's supply of vaccines remains limited by the ability of vaccine manufacturers to deliver, given the high levels of global demand. According to Singapore health official, as of April 3, about 1.52 million COVID-19 vaccine doses have been administered. More than 1 million people have received at least one dose, and of these, more than 468,000 have received their second dose and completed the full vaccination regimen.
- According to Malaysia's Science, Technology and Innovation Minister on April 5, vaccination appointment notifications for the second phase of the National COVID-19 Vaccination programme will be sent out starting today Monday (April 5). He added that recipients in Phase 2 will receive notifications 14 days before their appointment. The second phase of the vaccination programme will start on April 19 and will cover those above 60, those with co-morbidities as well as people with disabilities (OKU). This will kick off in Kedah, Melaka, Pahang, Penang, Sabah, Sarawak, Terengganu and Labuan.

Travel Advisories (new update/s)

- Thailand: Starting July 1, international tourists will be able to visit Phuket in southern Thailand without going through quarantine if they have been vaccinated. The reopening of Phuket will be used as a test to gauge international tourism demand as well as Thailand's

readiness to unlock more areas for overseas travellers later this year. According to the Tourism Authority of Thailand (TAT) governor, the southern island was chosen to pioneer the quarantine-free tourism model because of its readiness, strong reliance on international tourists and geographic insularity. The quarantine-free tourism model "Phuket sandbox" requires international visitors to complete their COVID-19 vaccination in their country and produce proof upon arrival in Phuket from July, along with a certificate showing negative COVID-19 test results obtained before flying to Thailand. They will also have to download mobile application ThailandPlus for tracking purposes during their stay. Meanwhile, Thailand's Centre for Covid-19 Situation Administration (CCSA) is allowing 11 groups of tourists to enter the Kingdom with shortened quarantine times for those who have been fully vaccinated. Those who are vaccinated are able to complete a 7-day quarantine upon entering as long as they can show proof along with registering at Thailand's Ministry of Public Health. These include: 1) 1. Thai nationals; 2) Persons with exemption or persons being considered, permitted or invited by the Prime Minister, or the head of responsible persons accountable for resolving state of emergency issues to enter the Kingdom, pertaining to necessity; 3) Persons on diplomatic or consular missions or under International organizations, or representatives of foreign governments performing their duties in the Kingdom, or persons of other international agencies as permitted by the Ministry of Foreign Affairs pertaining to necessity, including their spouse, parents, or children; 4) Carriers of necessary goods, subject to immediate return after completion; 5) Crew members who are required to travel into the Kingdom on a mission, and have a specific date and time for return; 6) Non-Thai nationals who are spouses, parents, or children of Thai nationals; 7) Non-Thai nationals who hold a Certificate of Residence, including their spouses and children; 8) Non-Thai nationals who have a work permit or have been granted permission to work in the Kingdom in accordance with the Thai laws, including their spouses and children, or foreign workers who have been granted exemption from the government to temporarily stay in the Kingdom and permitted to work through their employers or licensees who are permitted to bring in foreign workers to work in the Kingdom; 9) Non-Thai nationals who are students of educational institutions approved by Thai authorities, including their parents or guardians, excluding students of non-formal educational institutions in accordance with the law on private schools, and of other similar private educational institutions; 10) Non-Thai nationals who are in need of medical treatment in Thailand, and their accompanying persons; and 11) Non-Thai nationals who have been granted permission to enter into the Kingdom under special arrangements between Thai government agencies and other countries, or persons or groups of persons who have been granted permission by the Prime Minister upon the submission for consider after the examination and review by the Ad Hoc Committee.

- Singapore: Singapore Airlines (SIA) plans to integrate a digital health verification process into its mobile app from the middle of the year, after a recent trial of IATA's travel pass for COVID-19 test results and vaccine certificates was "well-received" by passengers. SIA tested the IATA app on passengers travelling from Singapore to London between March 15 and March 28. According to IATA's website, more than 20 airlines, including Qatar Airways, Malaysia Airlines, Qantas and Korean Air, are testing the travel pass.

Cases and Deaths as of 05 April 2021

- As of 05 April 2021 (2PM, GMT+8), worldwide, there were **132,117,746** confirmed cases, including **2,867,545** deaths. Globally, Case Fatality Rate (CFR) is **2.2.**
- In **China**, there were **102,877** confirmed cases with **4,851** deaths, including deaths in Hong Kong (205) and Taiwan (10). Confirmed cases in China include confirmed cases in Hong Kong (11,509), Macau (48), and Taiwan 1,047).
- **2,917,950 confirmed cases** of COVID-19 have been reported in the ASEAN region with a total of **59,770 deaths,** with a CFR of **2.1.**
