COVID-19: Highlights and Situation Overview

- Worldwide, there have been over 106.8 million cases and more than 2.3 million deaths attributed to COVID-19.
- Malaysia on Sunday (February 7) eased COVID-19 restrictions for Chinese New Year reunion dinner, just days after announcing the initial curbs. The National Unity Ministry said that up to 15 family members from different households will now be allowed to dine together for their reunion dinner, provided they live within 10km of each other. These family members are also not permitted to travel across state or district boundaries. The ministry added that religious activities within houses of worship on February 11, February 12 and February 19 will now be permitted, subject to a 30-person limit. All individuals must also wear face masks and observe safe distancing. Malaysia reported 3,731 new COVID-19 cases on Sunday, as well as 15 deaths. As of Sunday, Malaysia has reported a total of 242,452 COVID-19 cases and 872 fatalities. The Klang Valley area, comprising Selangor and Kuala Lumpur, accounted for about half of the new infections with 1,978 cases. Johor registered 499 cases while Sarawak reported 219. Seven new clusters were also identified, including one linked to a religious activity in Perak. There are now a total of 441 active clusters in Malaysia.

Vaccine Update

- The first 600,000 doses of coronavirus vaccines donated by China to Cambodia arrived in Phnom Penh on Sunday (Feb 7) by special plane, with the doses earmarked to vaccinate health workers and the military. The Southeast Asian nation of about 16 million people is one of the least impacted by the coronavirus, with just 474 infections and no deaths. But it saw a rare cluster of cases in November. One of Asia's poorest countries, Cambodia has been an important ally to China in recent years. Beijing has said it will send 1 million Sinopharm vaccines to Cambodia, which will be used to inoculate 500,000 people.
- Thai Deputy Prime Minister and Public Health Minister said today (February 8) that a batch of the Sinovac Covid-19 vaccine will be delivered to Thailand between February and April. Disease Control Department Director General also said those who will be vaccinated with the Sinovac vaccine include the high-risk residents of Samut Sakhon province, Bangkok and its neighboring provinces, among others, all of which have been declared zones under maximum control. Medical personnel, elderly persons, those with chronic illnesses and migrant workers will be the first groups of people to be vaccinated.
- A batch of China-donated Sinopharm Covid-19 vaccines arrived in the Lao capital Vientiane early on Monday (February 8). The YTO Express cargo plane carrying the Chinese-made vaccines arrived at Wattay International Airport at around 1am local time. Lao Minister of Health Bounkong Syhavong and Chinese Ambassador to Laos Jiang Zaidong received the vaccines at the airport. At the airport, Bounkong expressed the gratitude for the support from the Chinese government and the people in Laos' anti-pandemic efforts.

Travel Advisories (new update/s)

- Myanmar: The Yangon International Airport ceased operations following political unrest which sparked on February 1.
- Philippines: The Philippines has allowed more foreign nationals with valid visas to enter the country starting February 16. Foreigners with visas issued as of March 20, 2020 and are still valid at the time of entry have been allowed by the Inter-Agency Task Force for the Management of Emerging Infectious Diseases (IATF) to enter the country. Also allowed to enter the Philippines are holders of valid and existing Special Resident and Retirees Visa (SRRV) and Section 9 (A) visas as long as they present an entry exemption document to the Bureau of Immigration upon arrival. All foreign nationals allowed to enter the country must have pre-booked accommodation for at least

six nights in an accredited quarantine hotel or facility. They must also be subject to Covid-19 testing on the sixth day from the date of their arrival in the country.
