

Risk Assessment for International Dissemination of COVID-19 to the ASEAN Region

ASEAN Biodiaspora Virtual Center (ABVC)

as of April 9, 2021

COVID-19: Highlights and Situation Overview

Global Update

- Worldwide, there have been over 134.7 million cases and more than 2.9 million deaths attributed to COVID-19.

Regional Update

- At least 12 hospitals in Thailand's capital, Bangkok, said as of Friday (April 9) they were suspending testing for COVID-19 due to high demand and shortage of supplies, amid a new spike in cases. The hospitals issued notices on their social media and on messaging apps this week, some saying the suspension would last only a few days and others giving no date for resumption of tests. Meanwhile, Thailand on Wednesday (April 6) confirmed the presence locally of the highly transmissible coronavirus variant B117 first identified in Britain. Today (April 9), Thai Prime Minister order to close bars and nightlife venues in 41 provinces starting midnight (April 10). Numerous clusters of COVID-19 infections have been reported at entertainment venues, primarily in Bangkok's trendy Thong Lor area. Health officials suspect the outbreak is the faster-spreading UK variant (B117) of the virus. According to the spokesperson of Thailand's Centre for Covid-19 Situation Administration (CCSA), health officials are implementing what they call "target therapy" to combat the spread of the more contagious strain of the virus. Under emergency measures, the local governments in the other 36 provinces have the power to set restrictions and close venues if needed to control the Covid-19 situation.
- Philippines's Food and Drug Administration (FDA) on April 8 granted a compassionate special permit for a hospital's use of the drug ivermectin for COVID-19 patients. A compassionate special permit is granted for the use of drugs that are not registered or are still in the process of registration in the country. FDA Director General said that the drug is now the subject of clinical trials to check its efficacy.
- Cambodia is closing its most popular tourist destination, the centuries-old Angkor temple complex, to visitors for two weeks to help curb the country's COVID-19 outbreak. The Apsara Authority, the government agency that oversees the archaeological site, said that temporarily stopping local and foreign tourists from visiting the temples is important to help combat the virus. It said in a statement dated Wednesday (April 7) that visitors are banned from April 7 through April 20. The Health Ministry on Thursday announced 113 new local cases of the coronavirus and two deaths. Cambodia has recorded a total of 3,028 cases, including 23 deaths. The ministry has traced the latest outbreak to a foreign resident who broke quarantine in a hotel and went to a nightclub in early February. As the number of cases rose, the closures were extended throughout the country for schools, gyms, concert halls, museums and other gathering places.

Vaccine Update

- The Philippines' Department of Health suspended on Thursday (April 8) the use of the AstraZeneca COVID-19 jab for people under 60 after reports of blood clots overseas. The EU's medicines regulator said on April 6 that blood clots should be listed as rare side effects of the jab, but the benefits continue to outweigh the risks. The Philippines has received about 2.5 million doses of COVID-19 vaccines so far - the majority from China's Sinovac. It also got 525,600 AstraZeneca doses through the COVAX programme, most of which have been administered already. The country expects another 3 million AstraZeneca doses in the coming months.

Travel Advisories (new update/s)

- Indonesia: Indonesia on Thursday (April 8) announced an internal travel ban during next month's Eid al-Fitr celebrations, in an effort to prevent large-scale transmission of the COVID-19 virus. The halt on sea, land, air and rail travel for the May 6 to May 17 holiday adds to a ban announced last month by Indonesia on the mass exodus tradition, locally known as "mudik". Exempt from the travel ban will be diplomatic travellers, workers who have received approval from their superiors, and travel to see ailing family members or for bereavement reasons.
- Singapore: Singapore and the United States will explore ways to revive international air travel safely amid COVID-19, including the use of vaccination certificates. Singapore's Transport Minister had an introductory virtual meeting with his US counterpart on Thursday (April 8). During the meeting, they discussed several issues including recovery from the pandemic and climate change. Besides exploring ways to revive international air travel and long-term post-pandemic recovery and resiliency, the countries agreed to continue to cooperate on enhancing safety, security and facilitation. According to the joint statement, both countries will exchange best practices on urban transport and intelligent transport systems, and explore opportunities to advance digitalization and "harness the potential of automation"

Cases and Deaths as of 09 April 2021

- As of 09 April 2021 (2PM, GMT+8), worldwide, there were **134,712,636** confirmed cases, including **2,918,480** deaths. Globally, Case Fatality Rate (CFR) is **2.2**.
- In **China**, there were **103,013** confirmed cases with **4,851** deaths, including deaths in Hong Kong (205) and Taiwan (10). Confirmed cases in China include confirmed cases in Hong Kong (11,550), Macau (48), and Taiwan 1,050).
- 2,976,394 confirmed cases** of COVID-19 have been reported in the ASEAN region with a total of **61,047 deaths**, with a CFR of **2.1**.
