

COVID-19 Situational Report in the ASEAN Region

ASEAN Biodiaspora Virtual Center (ABVC)

as of May 5, 2021

COVID-19: Highlights and Situation Overview

Global Update

- Worldwide, there have been over 153 million cases and more than 3 million deaths attributed to COVID-19.
- India's COVID-19 caseload topped 20 million on Tuesday (May 4). India's healthcare infrastructure has struggled to cope with the huge number of cases, with deep shortages of medicines, hospital beds and medical oxygen.

Regional Update

- The Malaysian government has announced that morning Aidilfitri prayers and Hari Raya visiting will be allowed with restrictions and health protocols in place. Speaking during a press conference on Tuesday (May 4), Senior Minister for Security said for areas under Movement Control Order (MCO), Raya visiting will only be allowed on the first day (May 13) of Aidilfitri with the number of people capped at 15. Meanwhile, for areas under Conditional Movement Control Order (CMCO) and Recovery Movement Control Order (RMCO), Hari Raya visiting will be allowed for the first three days of Aidilfitri from May 13 to May 15. For CMCO areas, a maximum of 20 people are allowed while for RMCO, 25 people are allowed. For Enhanced Movement Control Order (EMCO) areas, no Raya visiting is allowed.
- Cambodian officials announced on Tuesday (May 4) 938 new COVID-19 cases, bringing the total cases to 16,299 with 107 deaths. Authorities have transformed schools and wedding party halls into COVID-19 treatment centers as hospitals are running out of beds and Prime Minister Hun Sen warned the country was "on the brink of death" from the virus outbreak. Phnom Penh and adjacent city Ta Khmau have been under lockdown for 20 days and the government has announced the blanket would end from Thursday (May 6). But authorities said areas with high infection rates would remain under lockdown. Police have set up blockades around red zones barring residents from leaving their homes except on medical reasons. On Tuesday (May 4), the information ministry ordered journalists to stop reporting from blockaded COVID-19 "red zones" and from chasing ambulances as the country battles against a record surge in infections.
- With the recent rise in COVID-19 cases in the community, Singapore has announced tighter measures for about three weeks starting May 8 up until May 30. People are also advised to keep to a maximum of two social gatherings per day, whether it is to visit another household or to meet with friends or family in a public place. The five-person rule applies to all social gatherings, including dining at restaurants. Meanwhile, the proportion of employees returning to the workplace will be reduced to 50%, down from the current 75%. For those returning to the workplace, employers must stagger their start times and implement flexible working hours. Indoor gyms and fitness studios are considered high risk area and must be closed for the time-being. As with current restrictions, marriage solemnizations may proceed with up to 250 attendees where guests must be grouped in zones of up to 50 attendees. For burials or cremations, the cap on attendees will be reduced from 50 to 30.
- The Laos government has decided to extend the lockdown for 15 more days to prevent and control the spread of COVID-19. According to a report by the Center of Information and Education for Health under the Lao Ministry of Health on Tuesday (May 4), the Lao government agreed to extend the lockdown for 15 more days until May 20, as part of the measures to fight further spread of COVID-19.

Everyone is encouraged to continue to follow all government measures concerning the control of the virus including those laid down by a Prime Ministerial Order and the National Taskforce Committee for COVID-19 Prevention and Control.

- Vietnam's Ministry of Health on Tuesday (May 4) said that some COVID-19 patients previously reported in northern Vietnam's Vinh Phuc province were infected with a new COVID-19 virus variant first identified in India. The patients were the country's first community cases to be confirmed with the new variant. According to the country's Health Ministry, a total of 15 new cases of COVID-19 were reported in on Tuesday (May 4), including three locally transmitted and 12 imported, raising the total number of COVID-19 cases in the country to 2,996. Also on Tuesday, the Ministry of Health has temporarily extended the minimum 14-day quarantine to additional days as per health protocols and other factors. This came after some travelers who had completed the 14-day quarantine tested positive shortly after leaving quarantine facilities. Meanwhile, Hanoi authorities have shut down non-essential services such as movie theaters, gyms, spas, and massage parlors. The development comes after the city recorded five domestic cases in five districts such as Dong Anh, Hai Ba Trung, Hoang Mai, Bac Tu Liem, and Me Linh starting today (May 5).

Vaccine Update

- According to the Minister of Science, Technology, and Innovation on May 4, a total of 268,800 AstraZeneca vaccination slots in Kuala Lumpur and Selangor were taken up in about three and a half hours after registration opened at noon on Sunday (May 2). Those eligible for the vaccine were required to book vaccination slots from May 5 to June 6 at vaccination centres located at World Trade Centre Kuala Lumpur, Ideal Convention Centre Shah Alam, the Universiti Malaya Examination Hall and Dewan Gemilang at Universiti Kebangsaan Malaysia. Six districts in Selangor will come under MCO from May 6 to 17, which would, in general, prohibit inter-district travel. Those travelling interstate for the purpose needed to show their vaccination appointment letters to the authorities at state borders for them to be allowed for inter-district travel.
- Since the implementation of Brunei's National COVID-19 Vaccination Programme on April 3, the number of people being inoculated in Brunei Darussalam has reached 15,905. The number of people receiving their second dose of vaccine has reached 862, while 15,043 have just received their first dose. According to Brunei's Ministry of Health (MOH), Muara District has the highest number of vaccinated individuals (12,418), followed by Belait District (1,484), Tutong District (1,361) and Temburong District (642). The number who have completed their inoculation is 716 in Brunei-Muara District, 132 in Tutong District, 13 in Temburong District and one in Belait District. Although it is not mandatory to obtain the COVID-19 vaccine, the MOH warned that citizens and residents of Brunei Darussalam are still exposed to the risk of COVID-19 infection.
- Philippines' Department of Health (DOH) official said Wednesday (May 5) that more than 2 million doses of COVID-19 vaccines have been administered in the country. In a televised briefing, DOH Undersecretary Myrna Cabotaje said 320,586 individuals have already completed their two doses of the vaccine while 1,744,649 received their first dose. She added that the rollout of the 15,000 doses of the Russian-made Sputnik V vaccine already started in Metro Manila. Meanwhile, according to the Food and Drug Administration (FDA) today (May 5), the COVID-19 vaccine of American pharmaceutical firm Moderna has been granted an emergency use authorization (EUA). FDA added that the EUA will only be valid within the duration of the declared public health emergency or upon the issuance of a certificate of product registration and that the interim data from ongoing Phase 3 trials of the vaccine show that the vaccine has an overall efficacy rate of over 94% in preventing COVID-19 and its efficacy rate is consistently above 80% among all age groups above 18

years old and special groups such as health workers, people with comorbidities and the elderly. Under the agreement, the government will secure 13 million doses while the private sector will have 7 million doses for its workers.

Travel Advisories (new update/s)

- Singapore: Travellers with recent travel history to higher risk countries and regions will have to serve a 21-day stay-home notice at dedicated facilities starting May 8. Those currently serving their stay-home notice and have yet to complete it before this date will have to serve another seven days at their stay-home notice location. Higher risk countries and regions refer to all places *except* Australia, Brunei Darussalam, Mainland China, New Zealand, Taiwan, Hong Kong and Macau. In addition, starting May 8, border measures for incoming travellers will be determined according to their recent travel history in the past 21 days to countries or regions, up from the current 14-day travel history period. This comes after the Singapore government on Friday barred short-term visitors and long-term pass holders with recent travel history from Bangladesh, Nepal, Pakistan and Sri Lanka. Also, travellers who have stayed in Fiji and Vietnam in the past 21 consecutive days before arriving in Singapore will have to serve a 21-day stay-home notice at dedicated facilities. They may serve the last seven days at their place of residence. Those who have been to these two places and have yet to complete their 14-day stay-home notice by May 8 can complete their remaining stay-home notice at their current stay-home notice location. Meanwhile, travellers from the United Kingdom, South Africa, Bangladesh, India, Nepal, Pakistan, and Sri Lanka who are currently required to serve their 21-day stay-home notice will have to serve the full duration at a dedicated facility. Travellers serving their 21-day stay-home notice will undergo COVID-19 Polymerase Chain Reaction (PCR) tests on-arrival, on the 14th day of their stay-home notice, and before the end of their 21-day period.
- Malaysia: According to the Minister of Science, Technology, and Innovation, those living in areas under the movement control order (MCO) in Selangor will be allowed inter-district travel to get their COVID-19 vaccination.

Cases and Deaths as of 04 May 2021

- As of 04 May 2021 (2PM, GMT+8), worldwide, there were **154,498,939** confirmed cases, including **3,229,950** deaths. Globally, Case Fatality Rate (CFR) is **2.1**.
- In **China**, there were **103,678** confirmed cases with **4,858** deaths, including deaths in Hong Kong (210) and Taiwan (12). Confirmed cases in China include confirmed cases in Hong Kong (11,787), Macau (49), and Taiwan 1,145).
- **3,456,378 confirmed cases** of COVID-19 have been reported in the ASEAN region with a total of **68,685 deaths**, with a CFR of **2.0**.
