

COVID-19: Highlights and Situation Overview

Global Update

- Worldwide, there have been over 157 million cases and more than 3 million deaths attributed to COVID-19.
- India reported another record daily rise in COVID-19 cases on Friday (May 7), bringing the total number of new cases for the week to 1.57 million. The country's vaccination rate falls dramatically due to transport problems and a lack of supplies. India's deadly second wave of COVID-19 continues unabated and its total number of cases now stand at 21.49 million, with infections spreading from overcrowded cities to remote rural villages.

Regional Update

- Vietnam's Ministry of Health extended the period of mandatory quarantine for people who have made close contact with COVID-19 patients and for anyone arriving in the country to 21 days. The announcement came after one of the country's best hospitals - which has treated many COVID-19 patients - went into lockdown on Wednesday, after a doctor tested positive for the virus. Several cases have also been linked to people who tested positive after their two-week stay in hotel quarantine had ended. Ho Chi Minh City authorities have banned the gathering of more than 30 people from May 7. This includes gyms, wedding reception centers, yoga classes, and buffet restaurants among others. Da Nang banned restaurants from dine-in services allowing them to only sell using take-out and delivery services from noon on May 7.
- According to Sport Singapore (SportSG) on Thursday (May 6), some indoor sports facilities such as gyms will be closed temporarily from May 8 to May 30 to curb COVID-19 transmission within the community. SportsSG added that these premises are identified as "high-risk sport and exercise environments" that are indoors, where participants are in close contact, exerting and not wearing masks. Sports or recreational facilities can only admit a maximum number of people according to its gross floor area based on 10 sq m per person and up to a maximum of 50 people. Meanwhile, large outdoor classes at public places, such as parks and HDB common areas, can continue if they are approved. However, the total class size must be reduced to 30 people, including participants, the registered instructor and any assistants, and is also subject to the venue capacity limit.
- Social events are not allowed in Sarawak starting today (May 7) until May 17 under tighter standard operating procedures (SOP) to fight the COVID-19 surge in the state. According to the updated guidelines, these include akad nikah, wedding and engagement ceremonies, doa selamat, tahlil, anniversary celebrations, birthday parties and reunions. The SOP also stipulates that individuals are not allowed to gather in groups of more than five in public places during this period. Sarawak is currently under a conditional movement control order until May 17. On Thursday (May 6), the state disaster management committee announced that the SOP would be tightened to break the chain of infection, after assessing the current risk and rising trend of COVID-19 cases in the state. Besides the stricter restrictions on social gatherings, the updated SOP also prohibits physical meetings, corporate events and tourism activities. Dine-in customers at restaurants and eateries are limited to 50% capacity or a maximum of 100 persons with physical distancing of 1 meter. However, dine-in is not allowed in Sibu, Selangau, Kanowit, Betong, Bintulu, Kapit and Sarikei. Eateries in these districts can only operate takeaway, drive-through or delivery services.

Vaccine Update

- According to Singapore's Health Sciences Authority (HSA) on Thursday (May 6), more than 2,700 reports on suspected adverse effects to COVID-19 vaccination were submitted to the authorities over a three-month period. These reports, which mostly documented common reactions like rash, muscle aches and dizziness, made up 0.13% of the more than 2.2 million administered doses from December 30 last year to April 18 this year. Among the 2,796 reports are 95 cases which are classified as serious adverse effects. These made up 0.004% of the total number of administered doses. The majority – 70%– of these cases were reported in patients younger than 60 years old but this is "not unusual" according to HSA.
- The Philippines received today (May 7) an additional 1.5 million doses of Sinovac's CoronaVac COVID-19 vaccine procured by the government. The Philippines has so far received a total of five million doses of CoronaVac, including one million doses donated by the Chinese government. This May, the country also expects to receive more vaccines developed by Pfizer-BioNTech and AstraZeneca from the World Health Organization-led COVAX facility.

Travel Advisories (new update/s)

- Philippines: The government's COVID-19 task force has allowed point-to-point air travel for leisure from the NCR Plus areas to select destinations. Presidential spokesperson also confirmed that the point-to-point air travel is allowed even as NCR Plus remains under modified enhanced community quarantine (MECQ). According to guidelines obtained by INQUIRER.net from Secretary Bernadette Romulo Puyat, accommodation establishments in tourist destinations must secure a certificate of authority to operate for point-to-point air travel leisure. Establishments must secure this certificate from the DOT Regional Office with jurisdiction over their area.

Cases and Deaths as of 07 May 2021

- As of 07 May 2021 (2PM, GMT+8), worldwide, there were **157,002,735** confirmed cases, including **3,271,548** deaths. Globally, Case Fatality Rate (CFR) is **2.1**.
- In **China**, there were **103,747** confirmed cases with **4,858** deaths, including deaths in Hong Kong (210) and Taiwan (12). Confirmed cases in China include confirmed cases in Hong Kong (11,799), Macau (49), and Taiwan 1,173).
- 3,508,491 confirmed cases** of COVID-19 have been reported in the ASEAN region with a total of **69,826 deaths**, with a CFR of **2.0**.
