COVID-19: Highlights and Situation Overview

Global Update

- Worldwide, there have been over 193 million cases and over 4 million deaths attributed to COVID-19.

Regional Update

- The World Health Organization (WHO) on Thursday (July 22) urged Indonesia to implement a stricter and wider lockdown to combat surging COVID-19 infections and deaths, just days after the country's president flagged the easing of restrictions. Indonesia has become one of the epicentres of the global pandemic in recent weeks, with positive COVID-19 cases leaping five-fold in the past five weeks. This week, daily deaths has recorded over 1,400, among the highest tolls in the world. In its latest situation report, the WHO said strict implementation of public health and social restrictions were crucial and called for additional "urgent action" to address sharp rises in infections in 13 of Indonesia's 34 provinces. Indonesia's daily positivity rate, the proportion of people tested who are infected, has averaged 30% over the past week even as cases numbers have fallen. According to the WHO, a level above 20% meant "very high" transmissibility.
- Malaysia reported more than 13,000 new COVID-19 cases on Thursday (July 22), marking its second highest daily case count since the start of the pandemic. More than half of the 13,034 new cases were from the Klang Valley area with 6,049 in Selangor and 1,611 in Kuala Lumpur. There were also 711 cases in neighboring state Negeri Sembilan and 100 in Putrajaya. Health Director-General said that 66.1% of the new cases were asymptomatic while 43.3% had mild symptoms. As of Thursday, Malaysia has reported a total of 964,918 COVID-19 cases, of which 142,051 are active or infectious.
- Thailand on Thursday (July 22) reported 13,655 new COVID-19 cases, a daily record for a second consecutive day and bringing the country's total COVID-19 accumulated cases to 453,132. The COVID-19 task force also reported 87 additional deaths, bringing total fatalities to 3,697.
- Philippines' President on Friday (July 23) has placed the capital region and four provinces under stricter coronavirus curbs until the end of July to prevent further domestic transmission of the Delta variant. Indoor sports and conference venues, indoor tourist attractions and gyms are not allowed to do business, while the operating capacity of indoor and al fresco dining has been limited. In addition, children between the ages of five and 17 will not be allowed to leave their homes. The Philippines has so far recorded 47 cases of the Delta variant (eight of which are active) and three deaths.

Vaccine Update

- Malaysia's Prime Minister said on Friday (July 23) that the country is edging closer to having half its adult population jabbed at least once with a COVID-19 vaccine. 46.7% of the country's adult population have received at least one dose of a Covid-19 vaccine and 21.8 per cent have received both doses. Since July 12, the National Covid-19 Immunisation Programme has successfully dispensed more than 400,000 doses almost daily. The president said that the country hit a new record on Thursday (July 22) with a daily vaccination rate of 507,050 doses, adding that this means 10,920,862 people have received their first dose and 5,104,054 people have completed their inoculation since the vaccination programme began.

- Philippines received one million more doses of CoronaVac, the COVID-19 vaccine developed by China's Sinovac, today (July 23). On Thursday, 1.5 million doses of the same vaccine were also delivered to the country. The total number of CoronaVac doses delivered to the Philippines is 17 million, 15.1 million of which was procured by the government, 900,000 doses was procured by the private sector and 1 million doses was donated by the Chinese government. The Philippine government has secured a total of 164 million vaccine doses from different manufacturers this year, which includes donations from the COVAX facility and other countries. As of July 20, the country has already administered 15.6 million doses of different COVID-19 vaccines wherein more than 5 million individuals have fully vaccinated since the government launched its COVID-19 vaccination programme in March

Travel Advisories (new update/s)

- Philippines: The presidential spokesperson said on Friday (July 23) that the country will ban travellers coming from Malaysia and Thailand, as well as tighten restrictions in the Manila area, in a bid to prevent the spread of the contagious Delta variant of the coronavirus. The travel restriction will take effect from Sunday (July 25) until the end of July.
