

# COVID-19 Situational Report in the ASEAN Region

ASEAN Biodiaspora Virtual Center (ABVC)

as of June 9, 2021

# COVID-19: Highlights and Situation Overview

## Global Update

- Worldwide, there have been over 175 million cases and more than 3 million deaths attributed to COVID-19.

## Regional Update

- Malaysia's Health Director-General said on June 9 that the projected exponential surge in COVID-19 cases, which predicted of more than 13,000 cases a day by mid-June, appears to have been averted with lockdown measures. He added that the seven-day average trend of COVID-19 cases have shown a downward trend. The two-week total lockdown came into effect on June 1 as the government sought to address the rising number of COVID-19 cases. Under the ministry's projections, Malaysia should have recorded over 10,000 cases a day by now, and exceeded the 13,000 cases-a-day mark by June 14. In the past three days, fewer than 7,000 COVID-19 cases a day have been recorded. Yesterday, 5,566 cases were recorded, preceded by 5,271 (June 7) and 6,241 (June 6). Meanwhile, during the daily COVID-19 update of the health minister on Tuesday (June 8), he warned Malaysians not to get complacent as the pandemic situation is still serious. The usage of beds at intensive care units (ICU) in the country has increased from 96% on May 24 to 104% on June 6 and the number of active COVID-19 cases is still high at 82,797, due to the spike during the 20th and the 21st epidemiological weeks.

## Vaccine Update

- Singapore's Ministry of Health said in the previous week that it had lifted the restrictions on the use of COVID-19 messenger RNA (mRNA) vaccines on some people with a history of anaphylaxis, allowing them to now receive the Pfizer-BioNTech or Moderna jab. The health minister said on Tuesday (June 8) that more than 30,000 people with a history of anaphylaxis due to food or medication will be invited to register for the COVID-19 vaccine. The decision to remove restrictions was taken after a recommendation from Singapore's Expert Committee on COVID-19 Vaccination. The committee said that local and international data indicates that mRNA vaccines are suitable for use in persons with anaphylaxis not related to mRNA vaccinations or its components. It recommended that people with a history of anaphylaxis or allergic reactions to other drugs, food, insect stings or unknown triggers can be vaccinated with a 30-minute observation period after the jab. The minister also provided an update on Singapore's vaccination rate, saying that 75% of adults in Singapore who are eligible for the vaccine had signed up for or received their vaccine doses.
- Cambodia's COVID-19 vaccination drive has received another boost after the country got a new batch of Chinese vaccines on Tuesday (June 8). Cambodian Health Ministry's Secretary of State said that the new arrival included Sinopharm vaccine donated by the Chinese government and those purchased from Chinese biopharmaceutical firm Sinovac Biotech. She added that both Sinopharm and Sinovac vaccines are very safe and effective, expressing her profound gratitude to China for subsequently providing vaccines to Cambodia. The country has so far acquired more than 7 million doses of COVID-19 vaccines from China and the World Health Organization's COVAX Facility. So far, nearly 4.97 million COVID-19 vaccines have been administered in the country, with 2.2 million people fully vaccinated. Cambodian Prime Minister has said that the country is targeting to inoculate at least 10 million out of its 16 million population by the end of this year or by early next year at the latest.

- Indonesia's capital, Jakarta, will let those aged 18 years and older to start getting vaccinated against COVID-19 as the government seeks to speed up its inoculation program. Indonesia has administered more than 40 million shots so far, with the doses given to priority groups including health workers, civil servants, the elderly and those with disabilities. Southeast Asia's largest economy seeks to give out 1 million shots a day to reach its goal of inoculating more than 180 million people to reach herd immunity.
- The Philippine Food and Drug Administration (FDA) has approved the use of Pfizer and BioNTech's COVID-19 vaccine on adolescents aged 12 to 15, amending the previous emergency use authorization (EUA) that allowed the use of the vaccine for those aged 16 and above. However, the Department of Health's spokesperson said that due to limited supply, the government will stick with its prioritization framework first. She added that the general consensus of the country's vaccine experts is to revisit pediatric and adolescent vaccination once our vaccine supply has stabilized. The Philippines has so far administered 5.95 million COVID-19 vaccine doses as of June 6, wherein 1.54 million individuals have been fully vaccinated.
- Thailand government is ordering 20 million doses of the Pfizer Covid-19 vaccine, along with 5 million doses of the Johnson & Johnson's single-dose vaccine. The Public Health Minister and the chair of the Centre for COVID-19 Situation Administration said that the Pfizer and Johnson & Johnson doses are in addition to another 8 million Sinovac doses, enabling the government to achieve its target of administering 100 million doses this year. The Disease Control Department said that 3.54 million vaccine doses are being distributed nationwide for inoculation in June, with a goal of administering 10 million doses by the end of the month. And so far, over 4.6 million doses have been administered in the country.

### Travel Advisories (no new update/s)

### Cases and Deaths as of 09 June 2021

- As of 09 June 2021 (2PM, GMT+8), worldwide, there were **175,085,906** confirmed cases, including **3,774,255** deaths. Globally, Case Fatality Rate (CFR) is **2.2**.
- In **China**, there were **114,914** confirmed cases with **5,154** deaths, including deaths in Hong Kong (210) and Taiwan (308). Confirmed cases in China include confirmed cases in Hong Kong (11,869), Macau (51), and Taiwan (11,694).
- 4,213,979 confirmed cases** of COVID-19 have been reported in the ASEAN region with a total of **82,490 deaths**, with a CFR of **2.0**.

# COVID-19 Epi curve among ASEAN Countries

as of 8 June 2021

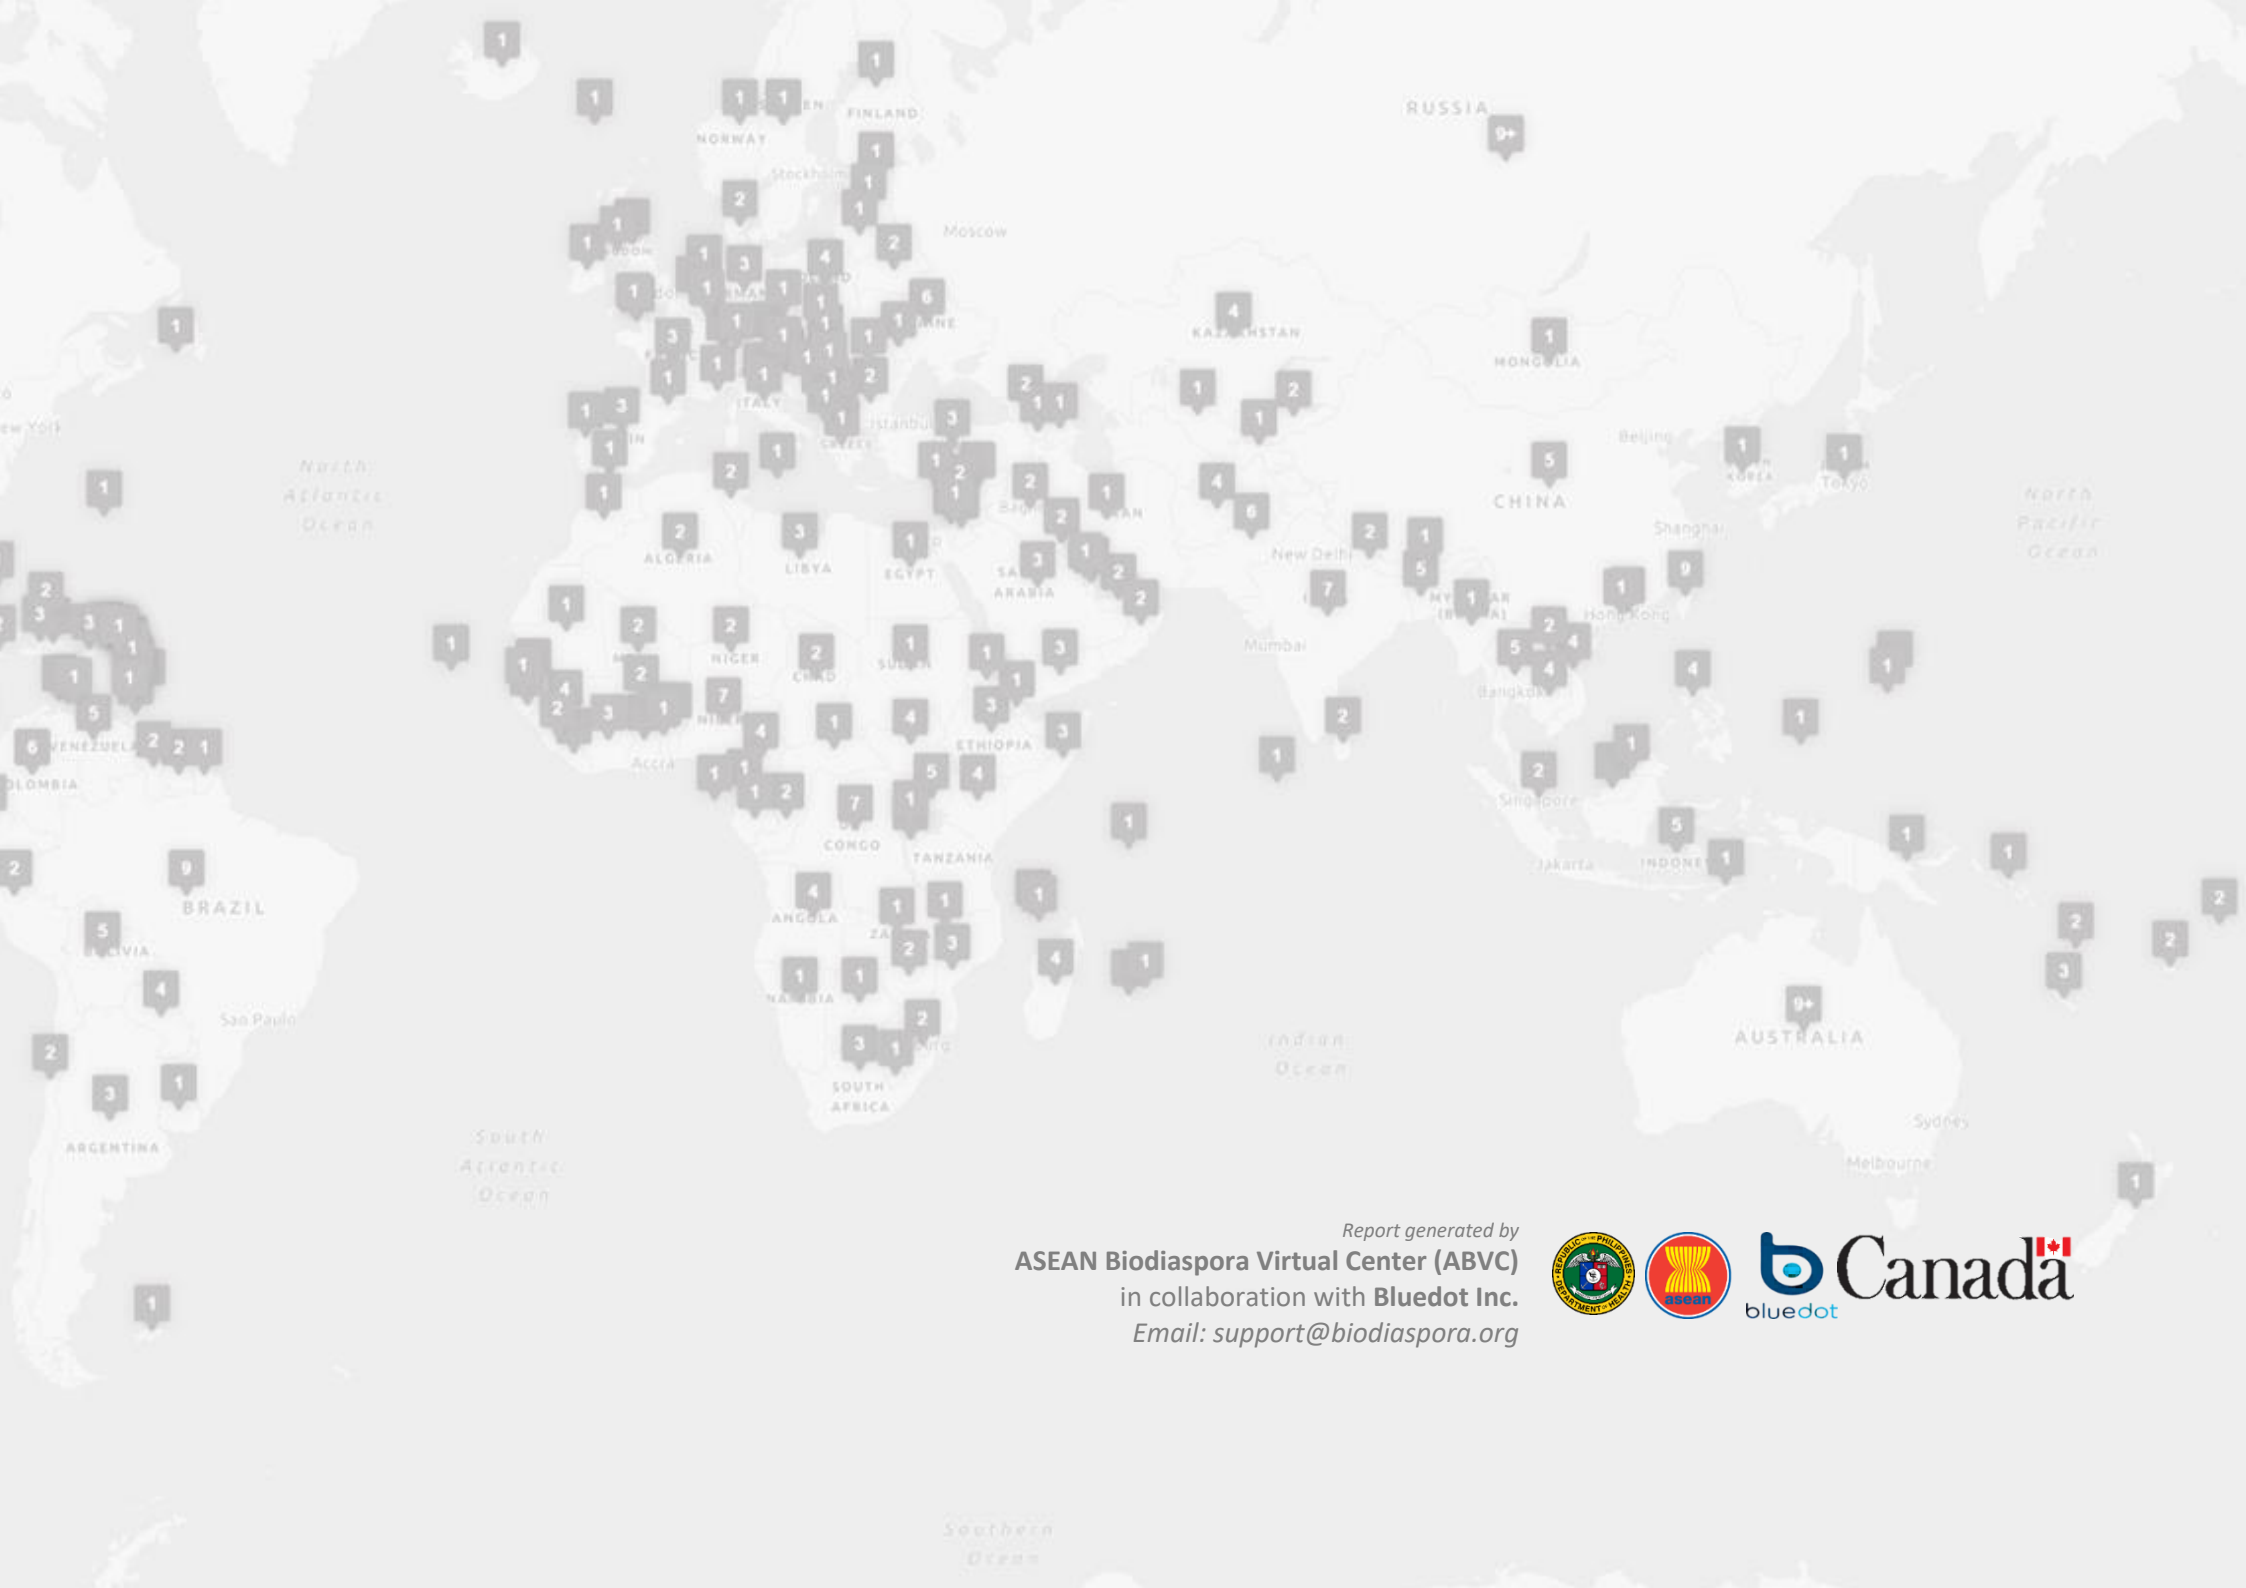

# 7-Day Rolling Average of COVID-19 new cases

as of 8 June 2021

ASEAN Country	New Cases Rate of Change 7-Day Window*	P-value
Brunei	-0.066	0.002
Cambodia	6.98	0.07
Indonesia	50.439	0.071
Lao PDR	0	1
Malaysia	-142.816	0.001
Myanmar	8.347	0
Philippines	-41.663	0.016
Singapore	-1.092	0.008
Thailand	-209.403	0.001
Vietnam	-4.327	0.147

\*Beta coefficient of linear line of best fit; equal to the rate of change in the 7-day rolling average of new cases over the past 7 days (as of June 8, 2021)
